PROFESSIONAL SUMMARY

Detail-oriented Computer Science graduate with hands-on experience in the MERN stack, building full-stack web applications with responsive user interfaces, CRUD functionality, RESTful APIs, authentication, and MongoDB integration. Proficient in HTML5, CSS3, JavaScript, React.js, Node.js, Express.js, MongoDB, Tailwind CSS and Bootstrap. Passionate about developing scalable web applications, solving real-world problems, and quickly learning new technologies. Eager to contribute to a collaborative development team while continuously expanding my full-stack development expertise.

TECHNICAL SKILLS

- Languages: JavaScript, C++, C, Java (Basic), Python (Basic)
- Frontend: HTML5, CSS3, Tailwind CSS, Bootstrap, React.js (mobile-first, responsive design)
- Backend & APIs: Node.js, Express.js, RESTful API design & integration
- Database: MongoDB; working familiarity with SQL
- Tools & Practices: Git & GitHub (version control), VS Code, Anaconda, Windows

PROJECTS

Expense Tracker

React · Node.js · Express · MongoDB

- Built a full-stack expense tracker with a React frontend and Node/Express backend, integrating RESTful APIs and MongoDB for persistent storage.
- Implemented complete CRUD functionality with real-time UI updates, focused on a responsive, mobile-friendly layout.

Personal Diary App

React · Express.js · Node.js · MongoDB

- Developed a full-stack diary application with CRUD features for creating and managing daily notes through a responsive, user-friendly React UI.
- Built backend APIs with Express.js and Node.js, storing data in MongoDB; currently extending with authentication and security enhancements.

C++ Mini Projects

Bus Booking System · Battleship Game · Student Report Card Generator

- Built console-based applications applying OOP concepts, functions, loops, and file handling for data storage and processing.
- Designed menu-driven, user-interactive program flows with a focus on efficient logic.

INTERNSHIP EXPERIENCE

WordPress Website Development Intern — SmartGig Technologies Private Limited *Dec 2022 – Jun 2023*

- Built a functional clone of the company website using free domain hosting, themes, plugins, and widgets to replicate professional features.
- Gained hands-on experience in website structure, content management, UI/UX customization, basic SEO, and responsive design.

EDUCATION

Bachelor of Engineering, Computer Science and Engineering

2026

Kangayam Institute of Technology, Tiruppur — 77.7%

Diploma in Technical Education

2023

GPTPLPT (Pillari Pattu), Tirupati — 76.4%

SSC

2020

Zilla Parishad High School, Andhra Pradesh — 92%

CERTIFICATIONS

- Certificate of Participation in MERN Stack Web Development — NSchool Academy, Builders Engineering College
- MongoDB Self-Managed Authentication & Authorization and Basics for Students

- Full Stack Development Program for Beginners — Mind Luster
- Basics of Data Structures and Algorithms — Simplilearn
- Certified in Graphic Design — Canva
- Certificate of Appreciation, National Art Contest (2024) — drawingcompetition.online
